Scope of Responsibilities

Since 1978, Schupp has represented clients in hundreds of successful sale and lease transactions and has enjoyed a proven track record of solving corporate real estate and facility problems for numerous companies. Based on his tremendous experience, Schupp brings an analytical, problem-solving approach and perspective to every assignment and project.

Background & Experience

Schupp is a native of Kansas City, MO and began his career in industrial real estate sales and leasing in 1978. In 1981, Schupp relocated to Dallas, Texas joining Fults & Associates and became the youngest partner in the company's history. In February 2002, Schupp teamed with NAI Robert Lynn as president of the company's newly formed office division. Today, Schupp is Executive Managing Director of Corporate Services working with national companies on real estate needs from New York to California.

Spanning forty years of real estate brokerage experience, Schupp's career has included representing landlords throughout the Dallas/Ft. Worth area. Projects have included Park Central, the 187 acre, 4 million square foot, mixed-use development developed by Equitable; The Crescent, the renowned 1.2 million square foot development developed by Rosewood Property Company; and One Main Place, a 900,000 square foot office tower owned by the RREEF fund.

Schupp has also represented numerous national companies including Home Savings of America, at the time the largest U.S. savings institution. Included in the relationship with H.S.A. was the development of a national marketing program and computer-aided reporting system for their real estate portfolio. In addition, he has added to his hands-on real estate brokerage experience with the design and implementation of integrated workplace management systems (IWMS) systems for a variety of national companies.
