Scope of Responsibilities

Commercial sales and leasing

Background & Experience

Upon completing his real estate licensing requirements, Jesse started with NAI Commercial with a condensed and intensive course on marketing, valuing and leasing troubled commercial properties. Within a short time, he quickly separated himself from his peers, placing his client's needs first and exceeding their expectations. Jesse is a critical member and key figure in several challenging leasing and marketing assignments and has established himself as a "go to" member of the firm for critical assignments. Born and raised on the North Shore of Metro Vancouver, Jesse's other passion is his professional career of music, having been twice nominated for the Canadian Country Drummer of the Year and playing to sold out arenas across the country sharing the stage with headliners such as Brooks & Dunn, Toby Keith, Faith Hill, Tim McGraw, Sugarland, Alan Jackson and Barenaked Ladies. Jesse continues to perform, teach, and record.
