Scope of Responsibilities

Jeremy's skills and expertise have adapted to the growing and economic conditions in his market. As in most tertiary markets, agents have to be proficient in many different aspects of the commercial real estate market and the same can be said for Jeremy. Knowing the market and linking the needs of his clients to available properties are his strengths. Using the vast scope of tools provided to him through NAI and CCIM, Jeremy is able to properly value properties and match each one to his client's unique needs.

Multi-Family Investment Property Sales, Office Sales and Leasing,
Investment Analysis, Lease Analysis

Background & Experience

Jeremy Harson's scope of experience over the past 14 years has covered all commercial property types. However, recent experiences, have led to a concentration on large, Class A Office leasing and sales as well as Industrial, Multi-Family and Investment property acquisition and disposition. Jeremy and his team are devoted to providing their clients with the best tools and marketing available for optimal results. Jeremy has served as a featured presenter for Acadiana's Commercial Outlook Conference held annually, detailing the area's commercial real estate market and future trends. Jeremy was top 10 in commercial sales in 2016 and tops in commercial sales in NAI Lafayette in 2017 & 2018.
