Background & Experience

As a realtor licensed in Louisiana, combining my strong background in Computer Internet System and Strategic Marketing services to my clients across many Acadiana markets, and ongoing education in my field, I provide a superlative choice for anyone ready to purchase or sell a property. I have built a reputation for my friendly and quick customer care with a proven ability to guide buyers to obtain the best value for their commercial properties and to assist sellers to a smooth and effortless sale of their properties. My motto is built on: Dedication, Communication, and Trust, while embodying the ability to furnish and adapt to all of my client's real estate needs. I came to real estate from the internet world. I have a degree in Computer Integrated Information System (CIIS), which infuses intelligence, connectivity, and data into my clients' journey for a stress-free property hunting experience. I have gained a full understanding of the diverse needs of commercial office, industrial, retail and multifamily properties in the community. My success has also been the result of my patient demeanor and dedicated work ethic. I know how to listen, understand my client's needs, views representation and guidance through the selling and buying process as a privilege, and build a relationship that will last over the course of time. In addition, I credit my values instilled in me by my parents as being vital to my professional success. I am an active member in the professional networking real estate groups RAA, CCIM, NAR, LREC. I serve as a board member of The Asian Chamber of Commerce of Acadiana, volunteer for United Ways, and a fluent speaker of Vietnamese. Phamtastic to Closed!
