Background & Experience

Michael is a Louisiana native, born and raised in Houma. He moved to New Orleans in 2000 and has made it his home for over 21 years. Michael is an avid hunter and fisherman, which he does mostly in the Gibson/Morgan City area. He is familiar with many of the waterways used by Fisherman and the Maritime Industry, alike. Over the years he has invested in the Business Community of New Orleans by first opening a Hair Salon and then a Brewery. He now brings his Business expertise to NAI Latter & Blum, where he specializes in Land, Industrial, and Multifamily.

Through his experience in manufacturing, he has developed a sound understanding of building maintenance, renovations, facility operations, and product marketing. While working in all Louisiana markets he has a focused attention on the Hwy 90 corridor and its Retail and Industrial uses beyond the Oilfield.
